FASSIONX INTRODUCTION & JOURNEY

Fassionx is a beauty contest for the age group of 18-35 years of Females, both married & unmarried can apply, It was started to provide a genuine platform under one roof for the females no matter they are married or not & judging on the basis of overall persona & not only beauty aspect.

The beauty of this contest is that the winner is just 19 year old & there is a subtitle winner who were 34 years of age & married, therefore we got successful in providing a one roof platform for genuine & potential people & not discriminating because of age or marital status.

How We Started

We started this contest from the scratch & it was started when there was a peak of beauty contest happening in each part of India & especially in delhi, Our Vision was very clear when we started that we have to create a genuine platform for highly potential females & will not charge any single penny from any contestant, We planned to take audition in five major cities of North India(Delhi,Gurugram,Chandigarh,Dehradun & Jaipur) & shortlisted top 25 contestants out of more than 1000 participants, it was a beautiful journey which genuinely made us believe in talent in people. We made internal committee for contestant which have only one member from organizing company & rest two were outsiders & we were glad there was not a single complaint of any issue.

Fassionx season 1 got coverage in more than 156 newspapers & 32 media network in all over tours & it was sponsored by VIVO mobiles.

The main focus & best part about Fassionx was its jury system, it was totally transparent & achievers of field had been invited to judge the contestants so that every participant will get good experience & learning.

We are now doing Fassionx season 2 & we had done Dehradun & Jaipur audition successfully till date with more than 40 media coverages in just two auditions only, therefore we are very sure to make Fassionx2-One level up from previous season, Now we are restarting audition after lockdown in all cities again, Cities we will cover in Fassionx 2 are Delhi, Chandigarh, Jaipur, Dehradun, Ranchi, Ahmedabad, Kolkata & Gurugram.

And that was a time when people used to criticize me alot. Criticism was in the air I inhaled that time. But then I chose to study further and did masters in designing. And that was the time when I realised that how I made for designing clothes.

Year back I saw 'Masaba Masaba' inspired me a lot to start my own brand. Actually that was the kick that instantly did wonders. Within a week I made plans and ordered all necessary fabrics and items to work on my dream project. And then the time came, 15 September 2020, I launched my eponymous brand "Label Riddhima Sharma". In the beginning I started it all alone without any team. Even that time a lot of criticism came on my way but this time I made it my strength and moved forward with it.

And now, my past self overflowing with so much pride looking at how far I have come."

Through her amazing and adventurous journey she wants to say that, 'believe in yourself and you will be unstoppable'.
